RE:	Club Travel Overseas Application Form	NOTE:	Actions Required

Dear Clubs

Please find on the following page the club trip application form for International Travel as a club.

This form is a vital part of your club's preparation to attend competitions overseas.

GymSports New Zealand has an agreement with Gymnastics Australia that any club attending a competition within Australia must have the endorsement from GymSports New Zealand to attend.

Clubs must be affiliated members and be current financial members for the endorsement to be granted.

For travel further than Australia, it is a safe guard for you that we check the competition is recognised under the governing federation and inform them of your impending participation.

We also can offer travel insurance to GymSports New Zealand Members at a cost of \$4.95 per/day.

When your club has decided that overseas competition is in the programme, please submit the following form to Natalie@gymsportsnz.com so that the overseas governing federation can be contacted and endorsement given for you to attend.

Please do not hesitate to contact me if you have any questions.

Kind regards

Natalie Gabites
